Fusion 360
FIgma
Adobe Illustrator
Adobe Photoshop
3D Modelling & Rendering
UI/UX Design
Basic Programming (Python, p5.js)

Creative & Technical Practice

Product & Interaction Design
Physical & Digital Prototyping
Installation Art
Photography
Visual Communication

Professional Skills

Project Coordination & Management
Marketing & Social Media
Event Management
Communication & Problem Solving

LANGUAGES 03

Mandarin – Native
English – Full Professional Proficiency
German – Basic

04 PROFILE

I'm a Design student at the University of Auckland, with a strong focus on product design, physical prototyping, and interactive experiences. I'm particularly interested in transforming ideas into tangible products and exploring how physical objects can interact with people through technology. My practice combines creative thinking, 3D modelling, experimentation, and hands-on making to develop functional and meaningful design outcomes.

05 EDUCATION

University of Auckland 2024-2027

Bachelor of Design

DESIGN FOCUS:
- Product Design
- Physical Prototyping
- Interactive Experiences

06 SELECTED PROJECTS

Echo Hollow

Interactive Installation · Physical & Digital

An interactive public installation combining anonymous message sharing, physical devices, and a digital platform to encourage human connection across time and place.

Smart Couch

Product Design · Smart Objects

An interactive furniture concept integrating pressure sensors and motorised feedback to encourage healthier sitting habits through physical interaction.

Receipts of Relationships

Installation Art · Data Physicalisation

An experimental installation transforming personal social interactions into printed receipts, questioning how human relationships can be measured and represented through data.

First Moments Matter

Brand Campaign · Visual Communication

An Auckland Airport welcome campaign creating memorable arrival experiences through environmental graphics, digital applications, and physical merchandise.

07 EXPERIENCE

New Zealand Chinese Students' Association (NZCSA)

Director of Marketing 2026
- Developed marketing strategies and visual content for student events.
- Coordinated promotional activities and team collaboration.

Operations Team Member 2025
- Supported event planning, coordination, and on-site operations.

Coconut Factory (Master Foodie Ltd.)

Beverage Maker Apr 2025 - Present
- Maintained product quality and consistency in a fast-paced environment.
- Collaborated with team members and provided customer service.

Singapore Piano Competition

Event Support 2023-2025
- Coordinated event venues, schedules, and on-site operations.
- Responded to unexpected issues during events.
